

Dementia
Hawkes Bay

**Message from Dementia Hawkes Bay
Ambassador, Ian MacRae ONZM
Former All Black
& Hawkes Bay Rugby Union life member.**

*"I don't have the foggiest idea how to kick
Dementia to touch. But I can help the people who
are working on it.*

*Dementia is affecting a number of my old rugby
playing mates so I want to help fund research and
services for those and their families
living with Dementia.*

*So I am leaving a small gift in my will to
Dementia Hawkes Bay. Without gifts in wills many
projects would not be funded, affecting both
research and vital local services.*

*Please join me by leaving a gift in your will. Talk
to your lawyer soon, or just make a donation.*

The need is great"
